Subject: AOC News Release

sent on behalf of Presiding Judge Sharon Waters

I wanted to take this opportunity to thank everyone for their efforts in supporting Senate Bill No. 56 (creates 50 new judgeships statewide, 7 for Riverside County) and Senate Bill No. 10 (speeds up transfer of buildings to state). I am very happy to report that the Legislature approved both bills. I know that without your numerous letters, telephone calls, and visits to our county's legislators and the state's legislative leaders, passage of these two critical pieces of legislation would not have happened.

Attached please find a press release, prepared by the California Administrative Office of the Courts, that highlights SB 56 and SB 10, along with other approved legislation that is important to the courts.

Sharon J. Waters
Presiding Judge
